

# Zelesta Wine

Our wine brand Zelesta is produced in Bessarabia. Located on the north side of The Black Sea, one of the worlds oldest wine growing regions, along with the "wine belt" that stretches into Georgia and Moldova.

Wine from these regions continue to conquer more markets globally, also in the high end of the global wine market.

Cultivation of wine goes back more than 2,000 years in the regions of the Black Sea.

Main varietals are Aligoté, Muscat, Isabella, Traminer, Cabernet Sauvignon, Chardonnay, Pinot noir, Pinot gris, Rkatsiteli.

We focus for now mainly on Cabernet Sauvignon and Chardonnay, having learned from various markets that these sell well as they are reconized grapes by customers and consumers alike.

We have decided to focus on this region , as the combination of high quality wine and lower production costs meet demand for "Affordable Premium " in most of our markets.

Moreover, the world is saturated with wine labels from ie France, Spain and Italy, another reason why we decided to keep production in this amazing wine growing region, just to be a little different.
